

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 13 January 1960

1. Talked with Carl Marcy, Senate Foreign Relations Committee, about next Monday's hearing. [redacted]

[redacted] in view of General Twining's appearance in the morning suggested we might wish to do it in the morning prior to Twining's appearance and preparatory for the Director's afternoon appearance. As to content, Mr. Marcy thought a briefing along the general lines of last year was adequate and that he would speak to DOD reminding them that the Director was appearing in the afternoon so that as much as possible General Twining would not present material which would later be duplicated by the Director. (This was also mentioned to Captain Gray who thought there would be little duplication.)

2. Talked with Richard Arens, HCUA, who stated that they were holding hearings in Ohio within the next two months and the Chairman had specifically requested him to check on the availability of [redacted] executive session. It was suggested to Arens that previously we had been agreeable at one point to making him available to HCUA and that possibly Arens might wish to speak to the Agency which he knew was involved to check their desires. He suggested we might do this and I countered indicating he probably should do it. He will check this and advise.

3. Talked with Representative Bob Wilson (R., Calif.) concerning the constituent inquiry he had on an article concerning Lloyd Mallon and THE BIG RED LIE. Wilson stated this constituent was important to him and he needed help on it. It was agreed we would provide him with a draft letter which he could forward to the constituent.

4. Al Westphal, House Foreign Affairs Committee staff, telephoned asking if we had any information on the death of Bang-Jensen. I advised him that this was not a matter within the purview of the Agency's jurisdiction. This seemed to satisfy him.
